Rabbi Sholom Ber Drizin, son of the celebrated Chassid, Rabbi Avraham Drizin (Mayorer), is one of the greatest philanthropists of our time, primarily for his humanitarian help for those in need. Among his manifold deeds: every year he covers expenses and hospitality for thousands of visitors to “770” for the holidays of Tishrei, and provides clothing for thousands of yeshiva students around the world before Passover. Under the inspiration of the Lubavitcher Rebbe, Rabbi Drizin is determined to help the unfortunate families expelled from Gush Katif and to prevent any further destruction of the Jewish presence and homes in Judea and Samaria.

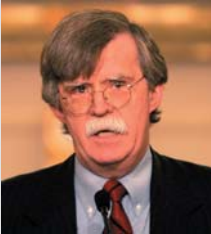

Mr. Shlomo Marcovich, a prominent Chabad Chassid, is an important supporter of Chabad-Lubavitch institutions worldwide, especially in Mexico City, where he lives. In addition to his many business commitments, he is a true Chassid, who studies Torah and Chassidic philosophy regularly, prays with deep devotion, and is involved in the Lubavitcher Rebbe's campaigns for strengthening Judaism. The Rebbe's pleas on behalf of the Land and people of Israel touch his heart, which is why he is such a strong supporter of the energetic campaigns led by the Gush Katif Museum and its affiliates.

Mr. Ephraim Terrence Julius, a highly talented entrepreneur and owner of international businesses, is a humble and kind person, beloved by everyone he meets. He is a prominent leader of the Chabad community of Beit Shemesh and an enthusiastic supporter of public welfare projects and those that strengthen Judaism. Mr. Julius is a leading activist on behalf of the completeness of the Land of Israel and its people's security.

Daniel Ahaviel was born in London, UK in 1963. Already discovered his love for his childhood violin sounds exciting, and at 8 began to play the violin strings. Daniel has appeared in concerts and music festivals all over the world: USA, Canada, Britain, France, Belgium, Holland, Germany, Austria, Hungary, Italy, Spain and Russia. Daniel position true Jewish joy in every event and concert where invited to play. Look unique combination exciting works – give an hour of true Jewish joy! The new show combines music clips Daniel, poetry and story, accompanied by musicians.

Mr. John Bolton was the United States Ambassador to the United Nations in 2005-2006. For the past twenty years of his public career, he has held key positions in the ranks of U.S. foreign and security services. Mr. Bolton is known for his uncompromising approach towards countries involved in spreading terror and using unconventional weapons. He unconditionally supports the views of the “Trustees of a Complete Israel” and the uncompromising war against terror. Mr. Bolton will honor the respected guests with a speech about security, and will present a summary of his own views on the current Middle East situation.

Mr. Glenn Beck, who was the most popular talk-show host on Fox News, now has his own broadcasting studio. He is not afraid to air his views even when they raise hackles in some quarters, for the truth alone is his guide, and he fears no one but his Creator. Mr. Beck often visits Israel, and regularly calls on Israel never to give in to terror but to battle against it. Many wish Israel’s leaders would listen to Mr. Beck’s courageous and convincing words.

Mr. Lee Terry represents Nebraska in the U.S. Congress. 12 years ago, he discovered that his mother is Jewish, and therefore he is Jewish. Since then, he has visited Crown-Heights, put on tefilin and come closer to his people and Torah and mitzvos. Mr. Terry is a member of several important congressional committees, and is always ready to fight on every issue arising in Washington concerning the completeness of the land of Israel and the people of Israel.

Mr. Jackie Mason is celebrated as the “Jewish comedian” par excellence. But he also happens to be a clear-thinking commentator on political affairs and the Jewish situation around the world, particularly in the Middle East, penetratingly analyzing and illuminating every aspect in his own inimitable manner. Relentlessly, he explains how absolutely wrong it is to forfeit any part of the Land of Israel, for experience shows how concessions push peace ever further away. The war against terror, he argues, must continue without compromise, until it is totally eliminated.
